## President's Message

Dear CSEA Member,

We're glad that you're part of the CSEA family.

CSEA negotiates your contract which covers most aspects of your wages, benefits and working conditions. You should read your contract carefully and ask your local representatives about anything you don't understand.

But CSEA does so much more.

No union comes close to providing the benefits and services that CSEA makes available to its members. You're entitled to the most comprehensive package of benefits and programs that you can find anywhere — saving you money and helping to make life better, both on and off the job.

Read through the information here for specifics on some of the many benefits CSEA offers. If you have any questions, just pick up the phone and call the Member Benefits Department.

As the value and variety of CSEA's benefits become clear, remember the greatest benefit of all — strength. It's measured in numbers. You're stronger because you belong to CSEA, a union that's 300,000 strong.

In solidarity,

Danny Donohue  
President

## ***Why Members-Only Benefits Are Important to All of Us!***

Since the beginning of members-only benefits, unions have offered different benefits to bargaining unit members who have signed a union membership card. Member benefits programs are important to unions, including CSEA, because:

1. Members-only benefits offer an economic advantage above and beyond those benefits negotiated in the collective bargaining agreement.
2. Members-only benefits connect the Union to thousands of members who may never need union representation for a notice of discipline.
3. Members-only benefits are visible reminders of the benefits of belonging to a Union.
4. Members-only benefits bring Union members together.

It is that solidarity that creates our strength in the workplace!

## ***Why You Should Join CSEA***

Together, we're all stronger. As a member, you help to improve pay and benefits for you and for your union brothers and sisters. You help assure the quality of all

our working conditions and our employee rights. We also enjoy more top quality services, benefits and rights than any other union. Even so, CSEA's dues are lower than comparable labor organizations.

There are dozens of other reasons. Here are just a few highlights:

- Better treatment
- More protections
- Assured safety and health
- Expert advice in contract negotiations and enforcement
- You have the final say on contracts
- Shop stewards and grievance representatives

work

for you

- Political clout at all levels of government
- Legal services
- All the benefits in this booklet!

### ***What Makes a Good CSEA Member Benefit?***

Before a proposed member benefit is brought before the CSEA Board of Directors for endorsement, the new benefit must meet the following standards for acceptability:

1. The members-only benefit is available to all CSEA members in good standing, regardless of whether they work for local government, state government or the private sector. With a few exceptions, CSEA retiree members are eligible to participate in most of the member benefits we offer.
2. The members-only benefit provides some economic advantage to our members. Members-only benefits should save our members more money than if they had purchased the benefit in the general consumer market.
3. There is significant interest by our membership in offering a members-only benefit. We know this through direct contact with our members, surveys, telephone inquiries and one-on-one conversations.
4. We believe that based on the above, there will be a significant rate of use by our members, provided we market this benefit directly to our members through information events, mailings, etc.
5. Members-only benefits should support the mission of CSEA. We are constantly searching for benefits that are provided by unionized workers, made by union members and/or made in the USA. What may seem like a great buy may not always fit

with our role as labor leaders. That's why we may not offer what might seem to be a great deal — the company may not be unionized or the product may not be made in the USA.

6. Our own members market members-only benefits best. Members “sell” the benefits to other members. They share the information, encourage other members to contact us, and recommend CSEA members-only benefits at membership meetings and other CSEA events.

### ***Union Information Day***

These special events bring every level of CSEA together, and demonstrate how important it is that we all participate in our union.

Whether it's called a Lunch 'n Learn, Membership Meeting, Employee Awareness Day, Health Fair or simply a CSEA Information Day — the idea is to bring CSEA departments, membership benefit reps, area field staff and benefit providers together with you, to answer questions and stimulate grass-roots involvement.

Watch for announcements where you work, and don't miss the next exciting Union Info-Day.

# Legal Services

## CSEA Legal Services Program

*The CSEA Legal Services Program provides members and their family members with attorney representation in four distinct areas:*

**“Taking Care of Business” Plan** — you have worked hard to own your home, put away money for retirement and save for your children. All of this could be threatened, by illness, disability or death.

CSEA Plan attorneys will meet with you to review your present situation and make recommendations as to what you should do immediately; prepare necessary legal documents such as Wills, Power of Attorney, Health Care Proxy, Family Trust, and Living Trusts;

counsel you with respect to estate tax planning strategies, IRA and pension fund planning, guardianships, long-term care insurance options, asset protections in face of catastrophic illness; represent you in the Medicare/Medicaid application process, probate and estate administration.

Available services include low cost wills, powers of attorney and health care proxies tailored to protect family assets and homesteads; reduced fee trust agreements, deeds and Medicaid eligibility services; non-crisis related consultations and pre-crisis planning, on-going annual trust services, information and publications, and educational seminars.

All Plan attorneys have agreed to discount their regular fees by 20% for CSEA members and family. Fees vary depending on the geographic area of the participating attorney. Without the benefits of the CSEA Plan discount, these services would cost you much more.

It's never too late or too early to consult with a Plan attorney. Even if a family member is already in a nursing home, there are special law provisions that might enable you to protect assets that would otherwise be spent for that care.

**Workers' Compensation and Social Security Disability Matters** – *If you are injured on the job or sustain a job related illness*, CSEA's Workers' Compensation Legal Services can help you through the complex procedures and steps involved in obtaining Workers' Compensation benefits. If you become disabled, the program can help you obtain Social Security Disability benefits. Representation is provided by the firm of Fine, Olin and Anderman, LLP, through its statewide network of offices staffed by attorneys who specialize in workers' compensation/social security disability law.

**Personal Injury Matters** – *If you suffer an injury as a result of the negligence of a third party*, CSEA's Personal Injury Legal Services can help you. All personal injury matters including product liability, falls, automobile, boating, and aircraft accidents, construction accidents, medical malpractice and any other liability case with significant personal injuries will be handled by competent attorneys with an expertise in the practice area. This Plan is administered through the law firm of Fine, Olin and Anderman, LLP, and uses separate statewide networks of expert personal injury attorneys.

**Personal Legal Matters** – *If you or your dependents need legal help for personal legal matters*, CSEA's Personal Legal Services can help you. Participation in the Personal Legal Services Plan is easy. There are two ways you and your dependents can participate. Members and retirees can elect to pay a small enrollment fee and will receive a certain number of specific legal services, at no additional cost and also be eligible for reduced pre-published attorney fees as set forth in the Fixed Fee Schedule for other personal legal services from a Plan Attorney. You can get a free 1 hour consultation, Will, execute a Health Care Proxy, a Power of Attorney or have a document reviewed. Active members or retiree members may also participate in the Plan with no enrollment fee. By electing this option **all** services provided by a Plan Attorney will be charged at the reduced rates set forth in the Fixed Fee Schedule. Personal Legal Services are provided by selected CSEA Regional Attorneys and additional specially-selected attorneys committed to the CSEA Plan and to giving us the best coverage throughout the State. Coverage includes services such as real estate transactions, matrimonial or family matters, Vehicle and Traffic Law matters, adoptions and so much more.

With our consolidated CSEA LEGAL SERVICES PROGRAM, you can rest well, knowing that you will have quality legal representation at no out of pocket cost or, where there are fees, at pre-published discounted fees known by you beforehand. The attorneys in the Program are selected by CSEA for their expertise and for their commitment to our members. You can also rest well knowing that the CSEA Legal Department insures that any member concerns raised with us regarding the CSEA LEGAL SERVICES PROGRAM are immediately addressed with the attorney and a full review and response to the complaint is done to ensure the quality of services for our members.

To access the CSEA LEGAL SERVICES PROGRAM, simply call CSEA Headquarters at 1-800-342-4146 and *follow the CSEA Legal Services Program prompts to the injury-related plans or to the non-injury related plans, depending upon your needs.*

### **The AFSCME Advantage Union Plus Legal Service Program**

The AFSCME Advantage Union Plus Legal Service Program provides high quality affordable legal services for many personal legal matters to members and their

immediate family. The AFSCME Advantage Union Plus Legal Service Program offers: no enrollment fee, free review of selected document, free 30-minute consultation-in person or over the phone, free follow-up letter or phone call, and a 30% discount on additional services. For details and a list of participating lawyers in your area, call 1-888-993-8886.

# Health Services

## Health Savings

If you're interested in saving money on your family's health care costs, the Union Plus Health Savings program offers a great financial cure. With this easy-to-use member benefit, you and your family members (including parents) can reduce out-of-pocket expenses for a variety of health care services as soon as you enroll. You have the option of selecting from three packages:

**Premium *Plus* Health Savings Package** - \$179.95 per year OR \$17.95 per month. The Premium *Plus* program offers everything that the Premium Package has but adds discounts with a large network of participating doctors, ancillary providers (labs, X-rays, MRIs and more), and hospitals.

**Premium Package** - \$69.95 per year, you and all your family members can get discounts on retail and mail order prescriptions, dental care, vision care, foot and ankle care, hearing care, diabetic supplies and access to the Nurse HelpLine.

**Standard Package** - \$14.95 per year, you and all your family members can take advantage of the same discounts listed above with the exclusion of the dental care discounts and access to the Nurse HelpLine. The Standard Package is offered to members who register using their Union Plus Credit Card for a one time fee of \$4.95.

To enroll or for more information call 1-877-570-4845 (9:30 a.m. - 6:30 p.m. ET, M-F).

**Union Plus Health Savings is a discounted program, not insurance.** These plans are not a replacement for health insurance, but can help provide some relief to offset the high cost of healthcare by helping members reduce out of pocket medical costs. Note that members are billed at the program's discounted rates and are required to pay participating providers at the time of service.

Any of the Health Saving Plans might be best for

members who: have no insurance; have limited or inadequate health insurance coverage such as large out of pocket expenses without access to a preferred provider network; have family household members without access to the member's insurance coverage; are temporarily without health insurance such as students who can no longer get coverage under their parent's, or retirees not yet ready for Medicare (under age 65); have health insurance coverage, but are looking for discounts for an uncovered or elective procedure.

## PEOPLE

PEOPLE (Public Employees Organized to Promote Legislative Equality) is CSEA/AFSCME's legislative and political action fundraising program. The PEOPLE committee is responsible for raising money to promote the interests of the membership on legislative issues. CSEA/AFSCME's PEOPLE program protects and improves our jobs, benefits and pensions in Washington, Albany and in your community. Your participation in PEOPLE strengthens CSEA's clout in the workplace, in the legislature, in your community and in the labor movement.

CSEA/AFSCME doesn't just hand out money to politicians. CSEA/AFSCME's PEOPLE program supports the legislative and political action department in writing legislation to benefit our members. We work with the legislators to pass legislation that is beneficial to us. Many times we spend more time working to stop legislation that could harm the CSEA membership.

CSEA/AFSCME's PEOPLE program offers members an opportunity to become involved in the legislative actions that affect the lives of all of the members and their families. We work to educate the CSEA membership on legislative initiatives that could affect them and to encourage members to call or write the appropriate elected official. We become active in endorsing candidates who support workers and retirees issues, based on recommendations from the CSEA membership.

We have been successful passing legislation allowing for time off for breast and prostate cancer screening, prohibiting mandatory overtime for nurses, protecting retirees health insurance, increasing education funding, securing funding to keep hospitals and nursing homes open.

Through our affiliation with AFSCME we are able to unite with our union sisters and brothers across the country in electing a President that cares about workers, their families and retirees. On the national level we work for legislation to increase federal funding for the states, local governments and school districts in addition to preventing social security from being privatized and working for universal health care coverage for all Americans.

For more information about PEOPLE and to become a member of PEOPLE call CSEA Legislative and Political Action Department at 1-800-342-4146 Ext. 1404 or visit the CSEA website [csealocal1000.org](http://csealocal1000.org) to download a PEOPLE application.
